## Features

### 4 BURNERS

Four premium 304 grade stainless steel main burners provide power and even heat distribution over the cooking surface.

### 6 BURNERS

Six premium 304 grade stainless steel main burners improve heat distribution over full cooking surfaces.

### SIDE-BURNER

Side burner provides a hob type option when required.

### TEMPERATURE GAUGE

Temperature gauge keeps you in control when pre heating and roasting.

### HOOD WINDOW

The safety approved glass window is integrated into the hood allowing a full view inside the barbecue without having to open and maintaining heat integrity.

### BARBECUE COVER

Comes with UV resistant Oxford cover.

### ROTISSERIE

The rotisserie can use direct heat off the rear infrared burner and indirect heat from the main burners for even roasting.

### INTERCHANGEABLE COOKING SYSTEM

Unique to Masport, the Interchangeable Insert Cooking System extends your cooking options with a pizza stone, kebab racks & skewers and grill & hotplate inserts.

### FAT AWAY DRAINAGE SYSTEM

Unique to Masport, the Fat Away Drainage System (FADS) helps to efficiently direct away excess fats, oils and unnecessary juices along specially designed channels and into a collection cup.

### KEBAB RACKS & SKEWERS

Stainless steel kebab racks and skewers provide an easy way to turn food on the grill without sticking.

### 304 STAINLESS STEEL

304 stainless steel provides a modern and stylish finish with extra protection against the elements.

### TIMER

Cooking timer allows you to set your desired time and the alarm reminds you when time is up.

### LED DASH AND GRILL LIGHTS

Whether it's on the control knobs or the dash, the bright LEDs will improve visibility in a very stylish way.

### SMOKER TRAY

Smoking is a very popular option when roasting or dedicated hot smoking. The integrated smoker tray is easy to prepare and runs off the barbecue burners.

### USB PORT

USB ports allow your gadgets to be charged or powered up whilst using the barbecue. Especially useful if running cooking probes and other accessories requiring power.

### REAR BURNER

Rear infrared burners are great for direct radiant heat with rotisseries but are also useful for grilling and browning off barbecue food.

### NATURAL GAS CONVERSION

A natural gas conversion kit is available to run your barbecue from mains natural gas.

### WOK BURNER

Wok style of burner provides versatility.
